# EXPERIENCE

## Department of Defense/U.S. Military Mission Critical Operations Support

- ➔ In the Indo-Pacific military theater, NHV is tasked to support comprehensive solutions across multi-domain operations, including ground, surface, space, cyber, maritime, and air-based capabilities. These efforts are designed to efficiencies in exercises, data management, and mission-critical operations to meet evolving national security objectives.
- ➔ NHV supports efforts to strengthen U.S. Africa Command's (AFRICOM) security cooperation initiatives by leveraging technical and facilities expertise to enhance program management and the effective execution of military assistance programs across Africa. This experience benefits Armed Forces and host nation standards for conducting in-theater operations and coordinating responses as required.
- ➔ NHV provides Operations & Maintenance of Watercraft Services support in Guam for high-speed maneuverable surface targets. This support provides meaningful and lifelike target training to U.S. Navy ships, helicopters, and submarines.
- ➔ NHV assists the Navy Facilities (NAVFAC) Anti-Terrorism Force Protection (AT/FP) ashore program systems via centrally managed sustainment services on the island of Guam, a US Territory in the South Pacific.

## Essential IT Modernization Support

- ➔ NHV supports essential IT services across several areas, including program and project management, customer engagement, data and analytics, security, telecommunications support, field operations support and information management program support for locations across the Continental United States.

## 31 Countries

Rapid staffing and deployment in times of surge and great need across all 50 states, four U.S. territories, and 31 foreign countries.

5%
